

*"The Library is a great resource, a safe place we rely on. When you burn through books as quickly as we do you see a real benefit of having such a great selection at your fingertips. Not only the books, but the programs offered at the library keep our kids interested and help foster our love of reading."*

The story we're writing now impacts our children, grandchildren and future generations. We're creating a place that inspires all ages and interests. A magical place where children can imagine, learn and grow.

**With your help, we're not just building a library, we're creating the heart of the community.**

*We are planning to be in our new home in downtown Lewiston Spring 2013. Be a part of this story by making a donation to help us remodel the Cornerstone/Erb Hardware Building.*
